Completing Student Grade Checks in PawPoint

The Grade check feature makes it easy for students to share grade information with parents, guardians, and mentor teachers.

1. Visit the Grades page in the menu:

Click on the "Grade check" button under your stats bar.

Grades

View your academic performance.

WEIGHTED GPA
3.62

UNWEIGHTED GPA
3.41

CLASS RANK

6 Courses

Grade check

1	Algebra II Mr. Hale	1 missing	88 B+	Gradebook: 86
2	Biology I Ms. Rivera		94 A	
3	US History Mr. Okonkwo	1 missing	79 C+	Gradebook: 74
4	English 10 Ms. Frank		91 A-	
5	Spanish II Sra. Ortiz	1 missing	83 B	
6	Band Mr. Brown		99 A	

2. Choose which guardians should receive your grade check, then type your email message before clicking the Send grade check button.

Grade check

Send your current grades to your family, with a note from you.

Test mode

This goes to the test addresses set in Admin, not to a real family.

Who gets this

Test guardian 1

c*****@w*****.org · TEST

Test mentor

c*****@w*****.org · your mentor, always copied

Your message *

Tell them how things are going, what you are working on, and what you need help with.

150 more characters to go.

What will be included

3 missing assignments will be listed.

Adding the Grade Check Widget to Your PawPoint Dashboard

The Grade check widget allows you to view the full message sent by all of your mentees. It also allows building principals, counselors, and district administrators to view the same information.

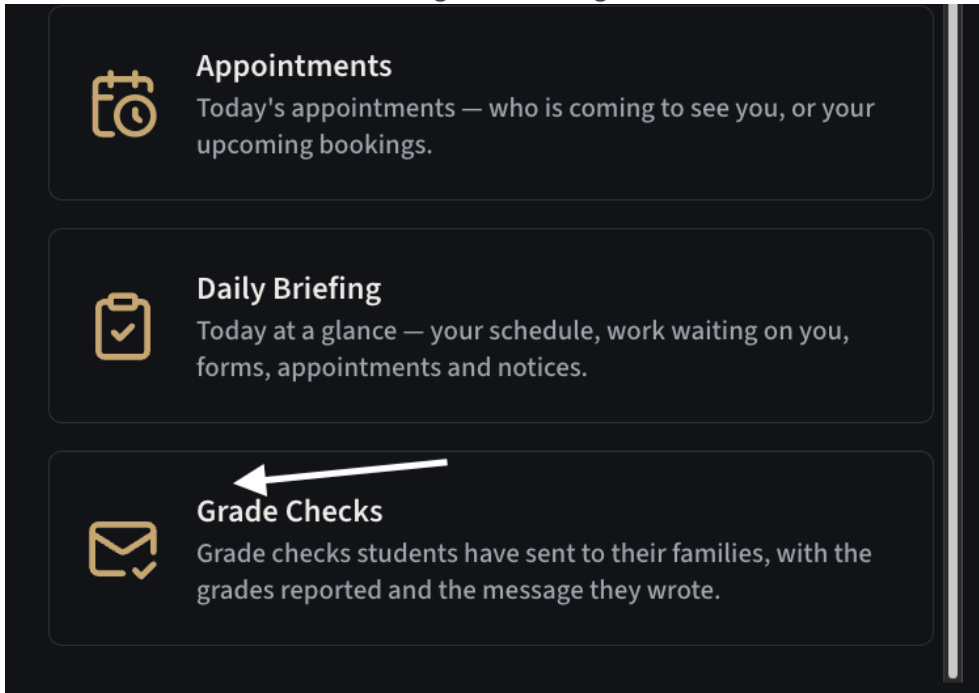

1. On your dashboard, click "Edit Dashboard."

2. Click on the "Add widget" button found at the bottom of your widget columns.

3. Click on the Grade Checks widget. You might have to scroll.

By default, this will show you:

- Teachers - Your full list of rostered students as they complete a check.
- Building Principals/Conselors/Secretaries - Your building's full student roster, as they complete the checks.
- District Administration - The full district's student enrollment as they complete the checks.

Filtering is available.

If you want to see only your mentee students, you may edit the widget, and enable the "Only my mentees" toggle.
